C.1

F O R E W O R D

The following are tabulations of grade crossings on the Federal Aid Primary and Secondary Systems. (Crossings on Urban system routes will be found under previous Primary Route designation).

Because competent personnel could not be found for such a limited period of employment, new evaluation of train movements was not made. Therefore, ratings of crossings are the same as used in the previous report. However,, changes in protection and vehicular traffic are shown. Elimination of some grade crossings has of course been accomplished by grade separation since the last report.

PROTECTIVE DEVICES ABBREVIATIONS

X-Buck = Cross buck sign

Refl. Signs = Reflectorized

Hwy. App. Sign = Highway Approach sign

Auto Fl.Lites = Automatic flashing lights

Adv.Wrng.- Advance warning

LETTERS FOLLOWING TYPE OF SIGN:

B = Both approaches

S = Single

C = Center

R = Reflectorized

INDEX TO RAILROADS

B.A.& P = Butte Anaconda and Pacific Railway

C.B.& Q. = Chicago, Burlington and Quincy Railroad

C.M.St.P.& P. = Chicago Milwaukee St.Paul & Pacific Railroad

G.N. = Great Northern Railway

M.St.P.& S.S.M. = Minneapolis St. Paul and Sault Ste Marie Railroad

Mont. West = Montana Western Railway

M.W.& S. = Montana Wyoming and Southern Railroad

U.P. = Union Pacific Railroad

W.S.S.& Y.P. - White Sulphur Springs and Yellowstone Park Railway

RAILWAY-HIGHWAY GRADE CROSSING DATA

SHEET NO.

COUNTY	FED. AID RTE.	LOCATION	A.D.T.	NO. OF LANES	NAME	TRAINS DAILY		NO. OF TRACKS		PRESENT PROTECTION	HAZARD RATING	SEQUENCE
						TOTAL	HIGH SPEED	MAIN	OTHER			
		Presented on this sheet are two grade crossings of special interest and characteristics. That on F.A.P. 2 near Ramsey had fallen into disuse and is now used only occasionally which lends it a peculiar hazard which is not provided for in the formula used to determine hazard ratings. That on F.A.P. 3 south of Wolf Creek has at various times been entirely removed and may be again. It is especially hazardous for that reason.
